

Trade in Policy for Fiddles / Violins

We have a 100% trade-in policy on all our new, used and vintage fiddles. Here is what you need to know about our policy:

- 1) This is only good for a fiddle to fiddle trade. (Does not work fiddle to guitar, etc.)**
- 2) This is a trade of one lesser priced fiddle for one equal or greater priced fiddle. You may not trade multiple fiddles for one, or one for multiples.**
- 3) Instrument should be in similar condition to when it was purchased. We understand dents, dings and scratches from normal wear.**
- 4) If the case and bow were part of an outfit purchased, then case & bow must be part of the trade.**
- 5) If the case and bow were purchased separately from the fiddle, then the trade-in is only fiddle for fiddle. We do not take trade-ins on used bows, cases or accessories except in very rare instances.**
- 6) We do not purchase fiddles back from you for the price you paid for them. We only offer 100% trade-in towards a more expensive fiddle.**
- 7) You must have/present the original sales receipt at the time of trade-in.**
